

SECTION 1: IDENTIFICATION

Product Name	Aloe Vera Skin Gel with Rosemary and Niacinamide
Product Description	Ayurvedic Proprietary Medicine (Saundarya Prasadhak) for skin conditioning and equilibrium.
Manufacturer Name	Herbal Trends
Facility Address	Village Daula, Gidderbaha – 152101, Punjab, India.
Emergency Contact	+91 91290 00024
Website	www.herbaltrends.shop

SECTION 2: HAZARD(S) IDENTIFICATION

GHS Classification	Not classified as hazardous according to GHS standards / OSHA HCS (29 CFR 1910.1200).
Signal Word / Symbols	None Required.
Hazard Statements	None.
Precautionary Statements	<ul style="list-style-type: none">For external use only.Avoid contact with eyes. In case of contact, rinse thoroughly with water.High potency formulation: Slight transient stinging on skin is possible.Keep out of reach of children.

SECTION 3: COMPOSITION / INFORMATION ON INGREDIENTS

Component / Chemical Name	CAS Number	Concentration (% w/v)	GHS Hazard Status
Kumari (Aloe barbadensis Leaf Juice)	85507-69-3	80.0%	Non-Hazardous
Niacinamide (Vitamin B3, IP Grade)	98-92-0	3.0%	Non-Hazardous
Rosemary Oil & Extract (Rosmarinus officinalis)	84604-14-8 / 8000-25-7	2.0%	Non-Hazardous (at this concentration)
Excipients & Base Materials (Aqua, Propylene Glycol, Carbomer,	Mixture	Q.S. to 100%	Non-Hazardous

Component / Chemical Name	CAS Number	Concentration (% w/v)	GHS Hazard Status
EDTA, Phenoxyethanol, Ethylhexylglycerin, Sugandhit Dravya)			

SECTION 4: FIRST-AID MEASURES

Eye Contact	Flush immediately with plenty of sterile water for 15 minutes, holding eyelids open. Seek medical advice if irritation persists.
Skin Contact	Intended for topical skin application. If severe irritation or unexpected allergic reaction occurs, rinse thoroughly with water and discontinue use.
Inhalation	Not an expected route of exposure under normal conditions. Remove individual to fresh air if mist inhalation occurs.
Ingestion	Do not induce vomiting. Accidental large ingestion requires rinsing the mouth with water and seeking medical advice.

SECTION 5: FIRE-FIGHTING MEASURES

Flammability Status	Non-flammable. This product is a water-based cosmetic gel emulsion.
Suitable Extinguishing Media	Use water spray, alcohol-resistant foam, dry chemical, or carbon dioxide (CO ₂).
Specific Hazards	None known. Thermal decomposition may produce standard carbon oxides.
Protection for Firefighters	Wear self-contained breathing apparatus (SCBA) and full protective protective clothing if surrounding environment is on fire.

SECTION 6: ACCIDENTAL RELEASE MEASURES

Personal Precautions	Spilled material creates a significant slip hazard. Wear appropriate non-slip footwear.
Environmental Precautions	Prevent large industrial quantities from entering drains, municipal sewers, or surface water systems.
Methods for Clean-up	Soak up with an inert absorbent material (e.g., sand, silica gel, sawdust). Flush remaining film residues with warm water. Dispose of in compliance with local regulations.

SECTION 7: HANDLING AND STORAGE

Handling Precautions	Handle in accordance with good industrial hygiene and safety practices. Keep container tightly closed after each use to prevent contamination.
-----------------------------	------------------------------------------------------------------------------------------------------------------------------------------------

Storage Conditions	Store in a cool, dark, and dry place. Keep protected from direct sunlight and heat to maintain active ingredient stability. Keep out of reach of children.
---------------------------	------------------------------------------------------------------------------------------------------------------------------------------------------------

SECTION 8: EXPOSURE CONTROLS / PERSONAL PROTECTION

Exposure Limits	No occupational exposure limits established for this product mixture.
Engineering Controls	General local ventilation is standard and sufficient for commercial manufacturing operations.
Personal Protective Equipment (PPE)	Consumer Use: None required. Industrial Processing/Bulk Handling: Wear safety protective goggles, industrial rubber gloves, and clean protective outerwear to avoid prolonged raw exposure.

SECTION 9: PHYSICAL AND CHEMICAL PROPERTIES

Physical State / Form	Viscous Gel / Emulsion	Odour	Characteristic Rosemary / Perfumed (Sugandhit Dravya)
Color	Clear to pale translucent	pH Value	5.0 – 6.5 (Skin-compatible range)
Specific Gravity	1.01 – 1.15 (Water = 1)	Solubility	Soluble / Miscible in water
Boiling Point	~ 100°C (212°F)	Flash Point	Not Applicable (Non-combustible)
Explosive Properties	None; presents no explosion risk	Auto-ignition Temp	Not Applicable

SECTION 10: STABILITY AND REACTIVITY

Reactivity & Chemical Stability	Stable under recommended normal storage conditions. Product appearance and viscosity may vary slightly over time due to natural ingredients without affecting efficacy.
Incompatible Materials	Strong oxidizing agents, strong reducing agents.
Hazardous Decomposition	Will not occur under normal storage conditions.

SECTION 11: TOXICOLOGICAL INFORMATION

Acute Toxicity Status	Non-toxic. Formulated as a safe topical product and Ayurvedic Proprietary Medicine.
------------------------------	-------------------------------------------------------------------------------------

Skin Effects	High potency product containing Niacinamide and Rosemary; slight transient stinging may occur on highly sensitive or broken skin. Non-corrosive.
Carcinogenicity	No components are listed as carcinogens by IARC, NTP, OSHA, or ACGIH.

SECTION 12: ECOLOGICAL INFORMATION

Ecotoxicity	The product components are not classified as environmentally hazardous.
Biodegradability	Expected to be inherently biodegradable due to the organic/nature-based composition of primary ingredients.

SECTION 13: DISPOSAL CONSIDERATIONS

Waste Treatment	Waste should be disposed of in accordance with prevailing local, regional, and national environmental regulations. Packaging bottles are fully recyclable.
------------------------	------------------------------------------------------------------------------------------------------------------------------------------------------------

SECTION 14: TRANSPORT INFORMATION

DOT Classification (Land)	Not Regulated as a Hazardous Material.
IMDG Classification (Sea)	Not Regulated. Safe for global maritime freight.
IATA / ICAO (Air Transport)	Not Regulated / Non-Hazardous. Safe for commercial international air cargo transportation. No specialized packaging or hazard badges required.

SECTION 15: REGULATORY INFORMATION

Regulatory Status	Classified as an Ayurvedic Proprietary Medicine / Topical Cosmetic Preparation (Saundarya Prasadhak) under Licence No: 753-AY-PB. Exempt from hazardous chemical labeling laws.
--------------------------	---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

SECTION 16: OTHER INFORMATION

Disclaimer: The technical information compiled in this Safety Data Sheet (SDS) is accurate to the best knowledge, reliability, and precision of Herbal Trends at the time of compilation. This document targets international transport, storage, and handling protocols for the identified product formulation. No warranty, expressed or implied, is given. Compliance with all applicable federal, state, and local laws remains the sole obligation of the handler.
